Providing care with dignity

## Our Clients

MedicVan is a trusted patient transfer service provider for many hospitals, long term care facilities and individuals. Let's our clients speak for us:

"MedicVan is unparalleled the terms of ride, the friendliness of the employees and the ability to be on time all the time."

J. Brakel

## Our Staff

Our drivers and attendants are licensed professionals such as EMRs, EMTs, registered nurses and paramedics dedicated to provide expert and supportive care in a kind and compassionate manner.

MedicVan's dispatchers and management team are there to help you 24/7.

## Our Services

MedicVan provides a safe, comfortable, timely and friendly service for people with physical limitations who need special medical assistance while traveling to or from:

- cancer treatments
- dialysis treatments
- doctor appointments
- fracture clinics, rehabilitation
- physiotherapy sessions

MedicVan also cheerfully provides services for special occasions, such as:

- long distance inter-city transfers
- weddings, religious services
- trips to or from airport

Whatever your needs are, whether is a routine trip to the hospital or a special family event, we will make sure you, or your loved one gets there on time and safely.

## Our Vehicles

MedicVan's environmentally efficient vehicles are equipped with a complete array of current medical equipment, such as:

- portable and on board oxygen
- suction units
- airway management
- electrical outlets
- stair-chairs for clients lacking mobility

They also provide extra space to accommodate family members and/or medical staff, such as doctors, personal support workers, or registered nurses.

The ride is always smooth, quiet and comfortable, whether we are providing a short- or long-distance transfer.

**The Hallmark of our service is Flexibility!**

**Tell us how we can help, We will make it happen!**
